

University of California, San Francisco

CURRICULUM VITAE

Updated 4/17//2024

Name: Matthew Lawrence Springer, Ph.D.

Position: Professor of Medicine
 Department of Medicine, Division of Cardiology
 School of Medicine

Contact: 513 Parnassus Avenue, Room S1113A, Box 0124
 University of California, San Francisco
 San Francisco, CA 94143-0124
 Phone: (415) 502-8404
 Fax: (415) 476-9802
 matt.springer@ucsf.edu
 http://cardiolab.ucsf.edu

ORCID ID: 0000-0002-6689-8234

EDUCATION:

1981-1985:	UC Berkeley	B.A.	Molecular Biology
1985-1991:	Stanford University (PI: Charles Yanofsky)	Ph.D.	Biological Sciences
1991-1993:	Stanford University (PI: James A. Spudich)	Postdoctoral	Biochemistry
1993-1997:	Stanford University (PI: Helen M. Blau)	Postdoctoral	Molecular Pharmacology

PRINCIPAL POSITIONS HELD:

1997-1999:	Stanford University	Research Scientist	Molecular Pharmacology
1999-2003:	Stanford University	Senior Research Scientist	Genetic Pharmacology
2003-2008:	UC San Francisco	Assistant Professor	Medicine/Cardiology
2008-2014:	UC San Francisco	Associate Professor	Medicine/Cardiology
2014-now:	UC San Francisco	Professor	Medicine/Cardiology

CONCURRENT POSITIONS AND AFFILIATIONS:

2003-2008: Director, UCSF Cardiology Division Laboratory of Molecular Cardiology
 2008-now: Investigator, UCSF Cardiovascular Research Institute
 2008-now: Faculty, UCSF Broad Center of Regeneration Medicine and Stem Cell Research
 2008-now: Faculty, UCSF Center for Tobacco Control Research & Education

2008-now: Faculty, UCSF Biomedical Sciences Graduate Program
2010-now: Member, UCSF Helen Diller Family Comprehensive Cancer Center
2010-now: Faculty, UCSF Developmental and Stem Cell Biology Graduate Program

HONORS AND AWARDS:

1985: Selected graduation speaker, Department of Molecular Biology, UC Berkeley
1985: Graduated with Distinction, UC Berkeley
1987: Exceptional Contributions in Teaching Award, Dept. of Biol. Sciences, Stanford University
2008: Winner 4th Prize, Nikon Small World Competition for microscopy (>2000 entries)
2012: 3rd Annual Vascular Biology Center Student's Choice Speaker, Georgia Health Sciences University
2019: Dean's Apple Award (teaching) for Fall 2019, School of Pharmacy, UCSF
2023: UC Berkeley Bakar Fellows Spark Award (selected as a Bakar Faculty Fellow, UCSF track)

KEYWORDS/AREAS OF INTEREST:

Angiogenesis, VEGF, stem cells, gene therapy, myocardial infarction, cardiovascular disease, vascular injury, endothelial function, nitric oxide, myoblasts, tobacco secondhand smoke, marijuana secondhand smoke

PROFESSIONAL ACTIVITIES

PROFESSIONAL ORGANIZATIONS:

MEMBERSHIPS

1993-now: American Association for the Advancement of Science
1997-now: American Society of Gene & Cell Therapy (formerly Am. Society of Gene Therapy)
2004-now: American Heart Association
2005-2014: American Physiological Society

SERVICE TO PROFESSIONAL ORGANIZATIONS:

2005-2008: American Heart Association grant peer reviewer
2005: Session co-chair, American Society of Gene Therapy 8th Annual Meeting
2007-2013: Member, American Society of Gene Therapy, Cardiovascular Gene Therapy Committee
2007: Session organizer and moderator, American Heart Association Scientific Sessions
2008: Session chair, American Society of Gene Therapy 11th Annual Meeting
2009: Session chair, American Society of Gene Therapy 12th Annual Meeting
2009: Ad hoc grant peer reviewer, Association Française contre les Myopathies
2009: Ad hoc grant peer reviewer, American Institute of Biological Sciences
2010-2014: American Heart Association grant peer reviewer
2016-2021: Member, American Society of Gene & Cell Therapy, Cardiovascular Gene & Cell Therapy Committee
2018: Session co-chair, American Society of Gene & Cell Therapy 21st Annual Meeting
2018-now: American Heart Association fellowship peer reviewer

2021: Session chair and discussant, Society for Research on Nicotine and Tobacco Annual Meeting

SERVICE TO PROFESSIONAL PUBLICATIONS:

1995-1996: Contributors panel for literature review section, *Molecular Medicine Today*
 1990-now: Ad hoc referee for *American Journal of Physiology-Heart and Circulatory Physiology*, *Arteriosclerosis Thrombosis and Vascular Biology*, *BioEssays*, *Blood*, *Cancer Gene Therapy*, *Cancer Research*, *Cardiovascular Toxicology*, *Cell*, *Circulation*, *Circulation Cardiovascular Imaging*, *Circulation Research*, *Development*, *Differentiation*, *FASEB Journal*, *Gene Therapy*, *Genetics*, *Genomics*, *International Journal of Cardiology*, *Journal of the American Association for Laboratory Animal Science*, *Journal of the American Heart Association*, *Journal of Cardiac Failure*, *Journal of Cell Biology*, *Journal of Cellular and Molecular Medicine*, *Journal of Gene Medicine*, *JoVE*, *JSRM Cardiovascular Disease*, *The Lancet*, *Molecular Therapy*, *Pediatric Research*, *PLOS ONE*, *PNAS*, *Preventive Medicine Reports*, *Recent Patents on Regenerative Medicine*, *Scientific Reports*, *Stem Cells and Development*, *Tissue Engineering*, *Tobacco Regulatory Science*, *Regulatory Toxicology and Pharmacology*, *Toxicological Sciences*, *Toxicology and Applied Pharmacology*, *Toxicology in Vitro*, *Vascular Health and Risk Management*
 2011-2015 Associate Editor-in-Chief, *American Journal of Cardiovascular Disease*
 2015-2021 Associate Editorial Board member, *Tobacco Regulatory Science*

INVITED PRESENTATIONS:

INTERNATIONAL

1996: International Congress of the Cell Transplant Society, Miami Beach, FL, speaker
 1997: Interamerican Medical Dental Congress, New York City, NY, plenary speaker
 1999: International Congress, Medical Students' Council of the Technological Institute of Advanced Studies, Monterrey, Mexico, plenary speaker
 2001: 1st Annual Congress, Spanish Gene Therapy Society, Valencia, Spain, speaker
 2002: Seminar, Biomedical Research Centre, Univ. of British Columbia, Vancouver, BC, Canada
 2002: 11th International meeting, Society for Cancer Gene Therapy, London, UK, plenary speaker
 2005: Symposium, Swiss Cardiovascular Research and Training Network, Geneva, Switzerland
 2007: Seminar, National Cheng Kung University, Tainan, Taiwan
 2009: Seminar, Klinikum Großhadern, Ludwig Maximilian University, Munich, Germany
 2009: Seminar, Helmholtz Zentrum, Munich, Germany
 2009: Seminar, Heinrich Heine University, Düsseldorf, Germany
 2009: Taiwan Society for Stem Cell Research Conference, Tainan, Taiwan, plenary speaker
 2015: 5th International Conference on Clinical & Experimental Cardiology, Philadelphia, PA, plenary speaker
 2016: International Summit on Preventive, Personalized and Translational Medicine as the Basis of New Healthcare Model, Moscow, Russia, speaker
 2018: Teleconference seminar, Clean Air Coalition of British Columbia, Canadian audience

- 2020: 59th Annual Meeting, Society of Toxicology, session presented as international webinar, speaker
- 2021: Presentation to the Cannabis Regulators Association (CANNRA; multiple US states and Health Canada) (online)

NATIONAL

- 1995: Keystone Symposium: Gene Therapy and Molecular Medicine, Steamboat Springs, CO, plenary speaker
- 1998: 1st Annual Meeting of the American Society of Gene Therapy, Seattle, WA, oral abstract
- 1998: Annual meeting, American Society for Cell Biology, San Francisco, CA, oral abstract
- 1998: Seminar, Baylor College of Medicine, Houston, TX
- 1999: Seminar, Harvard Medical School, Boston, MA
- 1999: Seminar, Baylor College of Medicine, Houston, TX
- 2000: 3rd Gene Transfer Clinical Research Safety Symposium, NIH, Bethesda, MD, speaker and discussion panelist
- 2000: 3rd Annual Meeting of the American Society of Gene Therapy, Denver, CO, oral abstract
- 2001: Annual meeting, Association of Medical Illustrators (National), Pacific Grove, CA, speaker
- 2002: Seminar, University of Washington, Seattle, WA
- 2006: 9th Annual Meeting of the American Society of Gene Therapy, Baltimore, MD, oral abstract
- 2007: Scientific Sessions, American Heart Association, Orlando, FL, speaker
- 2008: Annual Meeting, Experimental Biology, San Diego, CA, speaker
- 2009: 12th Annual Meeting, American Society of Gene Therapy, San Diego, CA, speaker
- 2012: Seminar, Georgia Health Sciences Univ., Augusta, GA (now Georgia Regents University)
- 2013: 24th Annual Vascular Biology and Hypertension Symposium, University of Alabama at Birmingham, Birmingham, AL, speaker for two talks
- 2016: American Public Health Association Annual Meeting and Expo, Denver, CO, speaker/panelist
- 2017: National Conference on Tobacco or Health, National Network of Public Health Institutes, Austin, TX, speaker/panelist
- 2018: 21st Annual Meeting of the American Society of Gene & Cell Therapy, Chicago, IL, speaker
- 2018: Webinar, Community Anti-Drug Coalitions of America, national audience
- 2019: North American Cannabis Summit, Los Angeles, CA, speaker/panelist
- 2019: Webinar, Multi-State Collaborative on Cannabis and Public Health (organized by the CDC), national audience
- 2019: National Conference on Tobacco or Health ancillary session (organized by the American Non-Smokers' Rights Foundation): "Marijuana Industry Threats to Smokefree Laws: What to Expect and How to Protect Smokefree Spaces," Minneapolis, MN, speaker/panelist
- 2019: Seminar, West Virginia University, Morgantown, WV
- 2020: Webinar, Center for Coordination of Analytics, Science, Enhancement, and Logistics in Tobacco Regulatory Science, national audience
- 2021: Public Health Cannabis and Vaping Summit, Nevada Dept. of Health and Human Services, keynote speaker/panelist
- 2021: Webinar, Center for Coordination of Analytics, Science, Enhancement, and Logistics in Tobacco Regulatory Science, national audience
- 2021: Seminar, Tulane University, New Orleans, LA (online)

- 2021: Presentation to CDC/NIH National Cancer Institute's Community Engagement Workgroup for Tobacco Policy Research Conference Call (online)
- 2021: Presentation to Nevada Cannabis Advisory Commission – Public Health Subcommittee (online)
- 2023: Webinar, UCSF Smoking Cessation Leadership Center, national audience (online)
- 2023: 4th Annual Teaching Cannabis Awareness & Prevention Conference: A Focus on the Triangulum of Cannabis, Tobacco, and Vaping; Stanford University with national audience, speaker (online)

REGIONAL, OTHER

- 1998: Seminar, Geron Corporation, Menlo Park, CA
- 1999: Seminar, Genentech, South San Francisco, CA
- 1999: Seminar, UCSF, San Francisco, CA
- 2000: Seminar, Stanford University, Stanford, CA
- 2000: Seminar, Systemix, Palo Alto, CA
- 2000: Seminar, NASA Ames Research Center, Moffett Field, CA
- 2001: Seminar, Stanford University, Stanford, CA
- 2002: Seminar, Stanford University, Stanford, CA
- 2002: UC Systemwide Biomedical Engineering Symposium, Berkeley, CA, speaker
- 2002: Seminar, Sangamo Biosciences, Richmond, CA
- 2003: Seminar, SUGEN, South San Francisco, CA
- 2003: Seminar, Guidant Corporation., Santa Clara, CA
- 2003: Seminar, Exelixis, South San Francisco, CA
- 2005: Grand Rounds, Division of Cardiology, UCSF, San Francisco, CA
- 2005: Seminar, Five Prime Therapeutics, South San Francisco, CA
- 2006: Grand Rounds, Division of Cardiology, UCSF, San Francisco, CA
- 2006: Seminar, Surgical Research Laboratory, San Francisco General Hospital, San Francisco, CA
- 2007: Seminar, Department of Surgery, UCSF, San Francisco, CA
- 2007: Grand Rounds, Division of Cardiology, UCSF, San Francisco, CA
- 2007: Seminar, Center for Cerebrovascular Research, San Francisco General Hospital, SF, CA
- 2008: Seminar, Cardiovascular Research Group, San Francisco General Hospital, SF, CA
- 2008: Seminar, Center for Tobacco Control Research and Education, UCSF, San Francisco, CA
- 2008: UCSF Cardiovascular Research Institute annual retreat, Marshall, CA, speaker
- 2009: UCSF Institute of Regeneration Medicine annual retreat, Pacific Grove, CA, speaker
- 2009: Seminar, Buck Institute for Age Research, Novato, CA
- 2009: UCSF BMS Graduate Program annual retreat, Tahoe City, CA, speaker
- 2010: Grand Rounds, Division of Cardiology, UCSF, San Francisco, CA
- 2012: Grand Rounds, Division of Cardiology, UCSF, San Francisco, CA
- 2013: Annual symposium: "It's About a Billion Lives," Center for Tobacco Control Research & Education, UCSF, San Francisco, CA, speaker
- 2013: UCSF BMS Graduate Program annual retreat, Tahoe City, CA, speaker
- 2013: UCSF DSCB Graduate Program annual retreat, Marshall, CA, speaker
- 2014: Seminar, Center for Tobacco Control Research and Education, UCSF, San Francisco, CA
- 2015: Grand Rounds, Division of Cardiology, UCSF, San Francisco, CA
- 2015: Symposium: "Marijuana Regulation - Lessons from Tobacco-Related Research and Tobacco Control," California Tobacco-Related Disease Research Program, Oakland, CA, speaker

- 2015: Seminar, Flight Attendant Medical Research Institute Investigators meeting, UCSF, San Francisco, CA
- 2015: Tobacco Control, Research, and Education conference (multiple California agencies), Sacramento, CA, speaker
- 2016: Symposium: “The Intersection of Tobacco & Marijuana,” California Tobacco Control Program, California Dept. of Public Health, Sacramento, CA, speaker
- 2016: Policy seminar, UC Center Sacramento, Sacramento, CA
- 2016: Workshop on marijuana regulation, Santa Clara County Public Health Dept., San Jose, CA, speaker
- 2016: Silicon Valley Marijuana Awareness Conference (Santa Clara County DA and Behavioral Health Services), Santa Clara, CA, speaker
- 2017: Seminar, Cancer Center Tobacco Control Program, UCSF, San Francisco, CA
- 2017: Workshop on tobacco and marijuana regulation, County of San Mateo Health System, speaker
- 2018: Symposium: “The Buzz on Cannabis: Health & Safety in the Workplace,” UC Berkeley Center for Occupational and Environmental Health, Berkeley, CA, speaker and panelist
- 2018: Grand Rounds, Division of Cardiology, UCSF, San Francisco, CA
- 2018: Workshop of First 5 Association of California and the CA Dept. of Public Health: Cannabis Safety Promotion for Pregnant Women and Families with Young Children, Los Angeles, CA, speaker
- 2018: Symposium: Margaret M. Walsh Memorial Symposium, UCSF, San Francisco, CA, speaker
- 2019: Seminar, Cardiovascular Institute, Stanford University, Stanford, CA
- 2019: Lecture, San Francisco Public Library Main Library, science series talk about health issues regarding secondhand marijuana smoke and e-cigarettes, San Francisco, CA
- 2020: Symposium: “Symposium on Cannabis Research at UCSF” (online), UCSF, San Francisco, CA, speaker
- 2020: Cardiology Research in Progress talk (online), UCSF, San Francisco, CA
- 2020: Panel on Cannabis and Public Health (online), UC Center Sacramento, CA, speaker and panelist
- 2023: Seminar, Touro University (online), Vallejo, CA
- 2024: Grand Rounds, Division of Cardiology, UCSF, San Francisco, CA

GOVERNMENT AND OTHER PROFESSIONAL SERVICE:

- 2000: Speaker, discussion panelist, 3rd Gene Transfer Clinical Research Safety Symposium, NIH
- 2007: Peer reviewer, NIH special review committee for Program Project Grant
- 2009: Ad hoc grant peer reviewer, Virginia Tobacco Settlement Fund grant reviewer
- 2010: Ad hoc grant peer reviewer, Italian Ministry of Health
- 2012: Ad hoc grant peer reviewer, Virginia Foundation for Healthy Youth grant reviewer
- 2013: Ad hoc grant peer reviewer, Italian Ministry of Health
- 2014: Ad hoc grant peer reviewer, NIH Special Emphasis Panel ZRG1 CB-J (55)R (Improvement of Animal Models for Stem Cell-Based Regenerative Medicine)
- 2015: Policy briefing submitted to California’s Blue Ribbon Commission on Marijuana Policy (Springer and Glantz, “Marijuana Use and Heart Disease: Potential Effects of Public Exposure to Smoke”)
- 2015: Ad hoc grant peer reviewer, National Medical Research Council, Singapore

- 2016: Ad hoc grant peer reviewer, NIH Special Emphasis Panel ZRG1 AARR-G (51)R (Chemistry, Toxicology, and Addiction Research on Waterpipe Tobacco)
- 2017: Ad hoc grant peer reviewer, NIH Special Emphasis Panel ZRG1 CB-J (55)R (Improvement of Animal Models for Stem Cell-Based Regenerative Medicine)
- 2017: FDA public comment submitted in reference to Philip Morris International's Modified Risk Tobacco Product (MRTP) application for IQOS heat-not-burn system (Springer, Nabavizadeh, and Mohammadi, Docket Number FDA-2017-D-3001, November 20, 2017, entitled "The evidence PMI presents in its MRTP application for IQOS is misleading and does not support the conclusion that IQOS will not harm endothelial function; independent research done in a more relevant physiological model shows that IQOS harms endothelial function as much as conventional cigarettes")
- 2017: Ad hoc grant peer reviewer, NIH Special Emphasis Panel ZRG1 BST-H (55) (Tobacco Regulatory Science)
- 2018: Reviewed and commented on draft of ventilation rules and regulations for cannabis smoking consumption rooms, San Francisco Department of Public Health
- 2018: FDA public comment submitted in reference to FDA's request for input about regulation of "premium" cigars (Lempert, Chaffee, Persai, Halpern-Felsher, Max, Wang, Sung, Yao, Lightwood, Springer, Benowitz, Liu, Narayan, Wang, Nabavizadeh, Mohammadi, Schick, Kim, Glantz, Docket Number FDA-2017-N-6107, July 12, 2018, entitled "FDA Should Not Create a Separate Category for So-Called "Premium Cigars" Because it has Already Correctly Concluded that there is No Appropriate Public Health Justification to Exclude Premium Cigars from Regulation")
- 2018: FDA public comment submitted in reference to FDA's request for input about tobacco product standard for nicotine level (Glantz, Benowitz, Chaffee, Gotts, Halpern-Felsher, Jacob, Ling, Max, Moazed, Springer, St.Helen, Vogel, and Lempert, Docket Number FDA-2017-N-6189, July 12, 2018, entitled "Tobacco Product Standard for Nicotine Level: The FDA Should Set a Nicotine Level to be Achieved in a Single Step for All Combusted Tobacco Products")
- 2018: Expert witness (phone-in) for the American Cancer Society Cancer Action Network (Alaska) and the American Lung Association in Alaska, in public hearing for Alaska's Marijuana Control Board (12/19/18)
- 2019: Ad hoc grant peer reviewer, NIH Special Emphasis Panel ZRG1 VH-J (02) M (Member Conflict: Vascular Biology)
- 2019: FDA public comment submitted in reference to FDA's request for input about length of grace period for marketing e-cigarettes (Lempert, Halpern-Felsher, Springer, and Glantz, Docket Number FDA-2019-D-0661, March 21, 2019, entitled "FDA's proposed modifications to its compliance policy for e-cigarettes leaves millions of youth at risk for starting to use e-cigarettes; FDA needs to remove these products from the market now and clamp down on illegal therapeutic and modified risk claims in Juul and other e-cigarette advertising")
- 2019: FDA public comment submitted in reference to FDA's request for input about cannabis and cannabis-derived products (Bowling, Hafez, Lempert, Springer, Benowitz, and Glantz, Docket Number FDA-2019-N-1482, July 5, 2019, entitled "Scientific Data and Information About Products Containing Cannabis or Cannabis-Derived Compounds; Public Hearing; Request for Comments")

- 2019-2020: Aerosolized Vaping Machine Working Group, FDA Center for Tobacco Products - Center for Coordination of Analytics, Science, Enhancement, and Logistics in Tobacco Regulatory Science
- 2019: FDA public comment submitted in reference to FDA's request for input about additions to their list of Harmful and Potentially Harmful Constituents (Lempert, St.Helen, Gotts, Kozlovich, Springer, Halpern-Felsher, and Glantz, Docket Number FDA-2012-N-0143, October 2, 2019, entitled "In addition to the 19 constituents FDA proposes to add to the list of Harmful and Potentially Harmful Constituents, FDA should also add compounds that may be carcinogenic or cause pulmonary or cardiovascular harms when inhaled, especially oils and chemicals and chemical classes found in e-cigarette flavorants, and FDA should use as additional criteria California's Proposition 65 list of carcinogens and reproductive toxicants and the California Air Resources Board's list of Toxicant Air Contaminants")
- 2020: FDA public comment submitted in reference to FDA's request for additional input about Philip Morris International's Modified Risk Tobacco Product (MRTP) application for IQOS heat-not-burn system (Lempert, Kim, Chaffee, Halpern-Felsher, Springer, Popova, and Glantz, Docket Number FDA-2017-D-3001, February 23, 2020, entitled "FDA should not authorize Philip Morris International to market IQOS with claims of reduced risk or reduced exposure")
- 2020: Ad hoc grant peer reviewer, NIH Special Emphasis Panel ZRG1 CVRS-H 50 R (Electronic Nicotine Delivery Systems: Basic Mechanisms of Health Effects)
- 2020: FDA public comment submitted in reference to FDA's request for information on Vaping Products Associated with Lung Injuries (Lempert, St.Helen, Calfee, Gotts, Matthay, Springer, and Glantz, Docket Number FDA-2020-N-0597, April 24, 2020, entitled "FDA should prohibit additives and design elements in e-cigarettes known to increase the risk of severe lung injury, but the burden remains with manufacturers to demonstrate that their products are appropriate for the protection of the public health, notwithstanding the fact that their products exclude the prohibited ingredients and designs")
- 2020: Ad hoc grant peer reviewer, NIH Special Emphasis Panel ZRG1 IFCN-E 56 R (Understanding Tobacco Product Toxicology and Abuse Liability)
- 2021: FDA public comment submitted in reference to FDA's request for information on IQOS 3 (Lempert, Springer, Mohammadi, Han, Rao, Glantz, Halpern-Felsher, and Ling, Docket Number FDA-2021-N-0408, September 9, 2021, entitled "PMPSA's supplemental modified risk tobacco product application for IQOS 3 does not support the conclusion that IQOS will not harm vascular endothelial function and does not address new published research, so FDA should not issue an exposure modification MRTP order for IQOS 3")
- 2022: Ad hoc grant peer reviewer, NIH Special Emphasis Panel ZRG1 VH-K 90 (ENDS & Tobacco Use Special Emphasis Panel)
- 2022: FDA public comment submitted in reference to FDA's request for information about tobacco product standard for menthol (Max, Lempert, Glantz, Benowitz, Sung, Halpern-Felsher, Fung, Pravosud, Mohammadi, Hoeft, Schick, Springer, and Ling, Docket Number FDA-2021-N-1349, June 1, 2022, entitled "FDA should not allow any extensions of time to submit public comments about the proposed rule")
- 2022: FDA public comment submitted in reference to FDA's request for information about tobacco product standard for menthol (Max, Lempert, Glantz, Benowitz, Sung, Halpern-Felsher, Fung, Pravosud, Mohammadi, Hoeft, Schick, Springer, and Ling, Docket

- Number FDA-2021-N-1349, June 1, 2022, entitled “FDA should finalize the proposed rule and make it effective 90 days after publication of the final rule”)
- 2022: FDA public comment submitted in reference to FDA’s request for information about tobacco product standard for menthol (Yerger, McGruder, Gardiner, Mendez, Le, Lempert, Glantz, Halpern-Felsher, Fung, Max, Hoeft, Sung, Springer, Malone, Guydish, Woodruff, Mock, Klausner, Kim, Song, Gordon, and Ling, Docket Number FDA-2021-N-1349, June 24, 2022, entitled “As a matter of health equity and social justice, FDA should immediately finalize and implement the proposed standard for menthol in cigarettes to reduce smoking-attributable deaths and health disparities among African Americans”)
- 2022: FDA public comment submitted in reference to FDA’s request for information about tobacco product standard for menthol (Lempert, Glantz, Oliveira Da Silva, Bialous, Chaffee, Cheng, Fung, Gaiha, Guerra, Halpern-Felsher, Han, Kim, Matthay, Max, McCauley, Pravosud, Shaffer, Springer, St.Helen, Sung, Vijayaraghavan, Wang, and Ling, Docket Number FDA-2021-N-1349, August 1, 2022, entitled “FDA should prohibit all menthol flavor additives, compounds, constituents, and ingredients in cigarettes, and should not limit the proposed standard to prohibiting menthol as a ‘characterizing flavor’”)
- 2022: FDA public comment submitted in reference to FDA’s request for information about tobacco product standard for menthol (Lempert, Glantz, Chaffee, Matthay, Springer, Mohammadi, Cheng, Fung, Gaiha, Guerra, Halpern-Felsher, Han, Kim, Max, McCauley, Oliveira Da Silva, Pravosud, Shaffer, St.Helen, Sung, Wang, and Ling, Docket Number FDA-2021-N-1349, August 1, 2022, entitled “FDA should not grant exemptions to the proposed standard on a case-by-case basis for certain cigarettes such as heated tobacco products or low nicotine cigarettes”)
- 2023: FDA public comment submitted in reference to FDA’s request for information about requirements for tobacco product manufacturing practice (Lempert, Halpern-Felsher, Glantz, Benowitz, Calfee, Chaffee, Fung, Gansky, Max, Pravosud, Springer, and Ling, Docket Number FDA-2013-N-0227, April 13, 2023, entitled “FDA’s proposed regulation establishes reasonable tobacco product manufacturing practice requirements that could help minimize the risks of products, especially to youth and young adults”)
- 2023: Speaker, discussion panelist, Cannabis and Cannabinoids in Heart, Lung, Blood, and Sleep Virtual workshop, NHLBI
- 2023: FDA public comment submitted in reference to FDA’s request for information about developing a strategic plan for its Center for Tobacco Products (Lempert, Ling, Springer, Glantz, Fung, Gansky, Max, Schick, Kim, Halpern-Felsher, Islam, Pravosud, Sung, Wojcicki, Llanes, and Wang, Docket Number FDA–2023–N–2873, August 25, 2023, entitled “To ensure that its review of new tobacco product applications is not only efficient but also best protects the public health, FDA should communicate and use a process that denies marketing authorization of any new tobacco product has characteristics that appeal to kids, that requires applicants to present data demonstrating impacts of the product on non-users including youth and young adults, that does not allow applicants to use a definition of ‘switch completely’ that includes dual use, and that considers unifying health effects of categories of products”)
- 2023: FDA public comment submitted in reference to FDA’s request for information about developing a strategic plan for its Center for Tobacco Products (Ling, Nguyen, Benowitz, Lempert, Glantz, Springer, Mohammadi, Halpern-Felsher, Chaffee, Islam,

Provasud, Sung, Apollonio, Bialous, Max, Wojcicki, Llanes, Wang, Matthay, and Kim, Docket Number FDA–2023–N–2873, August 25, 2023, entitled “CTP should actively integrate the relationship between cannabis and tobacco use into its tobacco regulation and proactively identify regulatory approaches from tobacco product regulation that can be applied to cannabis”)

UNIVERSITY AND PUBLIC SERVICE

PRE-UCSF UNIVERSITY SERVICE

1984-1985: President, Molecular Biology Undergraduate Society, UC Berkeley
1986-1987: Graduate Admissions Committee, Dept. of Biological Sciences, Stanford University
1988-1989: Graduate student representative, Dept. of Biological Sciences, Stanford University

UC SYSTEM-WIDE SERVICE

2006-2007: UC Discovery Grant reviewer
2018: Panelist, UC Workshop on Policy and Legal Issues Related to Cannabis Research

UCSF CAMPUS-WIDE SERVICE

2004-2008: UCSF Academic Senate Committee on Research
2005-2009: UCSF Research Administration Board
2006-2012: Emergency floor warden, Medical Sciences Building 11th floor
2007-2008: Chair, Research Administration Board task force to create faculty/industry resources website (<http://ctsi.ucsf.edu/research/industry-faq>)
2007-now: Recurring lectures to campus community about home earthquake preparedness (106 UCSF talks out of 176 total as of 4/21/20)
2010-now: UCSF Research Administration Board (name changed to Research Advisory Board)
2012-2015: UCSF Academic Senate Committee on Research
2013-2014: UCSF Indirect Cost Recovery Waiver Policy Taskforce, Academic Senate representative
2019-2022: UCSF Academic Senate Rules & Jurisdiction Committee
2020-now: Executive Committee, UCSF Tobacco Center of Regulatory Science

UCSF SCHOOL OF MEDICINE SERVICE

2005-2006: Faculty search committee, UCSF Dept. of Surgery
2011-2012: Dean’s Communications Advisory Board
2016-2017: Faculty search committee, UCSF Division of Cardiology

UCSF DEPARTMENTAL SERVICE

2020-now: Reviewer for PREPARE (pre-submission NIH grant review), UCSF Dept. of Medicine
2020-now: Fellowship Committee, Center for Tobacco Control Research and Education

PUBLIC SERVICE

2007-now: San Francisco Fire Department Neighborhood Emergency Response Team (NERT)

- 2008-now: Recurring public lectures about home earthquake preparedness at SF Public Library and other public locations (70 public talks out of 176 total as of 4/21/20)
- 2009-2017: Member, SF South Beach/Rincon/Mission Bay Neighborhood Association
- 2011-2017: Board of Directors, SF South Beach/Rincon/Mission Bay Neighborhood Association
- 2011-now: Quaketips blog about earthquake preparedness (<http://quaketips.blogspot.com>); >500,000 page views

TEACHING AND MENTORING

FORMAL SCHEDULED CLASSES FOR UCSF STUDENTS:

- 2010-2011: BMS 270: Angiogenesis & Vascular Biology (organizer and primary session leader; yearly)
- 2012-2016: BMS 270 / DSCB 270: Angiogenesis & Vascular Biology (organizer and primary session leader; yearly)
- 2019-now: PharmIS 111: Cardiovascular Science & Therapeutics (yearly Inquiry: Frontiers lecture)
- 2020: Grant Writing 2020, Center for Tobacco Control Research and Education, course for postdoctoral fellows (Co-Director for second half of course, last 7 sessions)
- 2021-now: Grant Writing, Center for Tobacco Control Research and Education, yearly course for postdoctoral fellows (Co-Director)

OTHER COURSES, WORKSHOPS, AND LECTURE SERIES:

- 1984: Teaching assistant, "Introduction to Molecular Biology," UC Berkeley
- 1986: Teaching assistant, "Biology Core Experimental Laboratory," Stanford University
- 1986: Teaching assistant, "Biochemistry, Genetics, and Molecular Biol.," Stanford University
- 1992-1998: Guest lecturer for graduate and undergraduate classes and to special high school programs, Stanford University and San Francisco State University
- 1997: Faculty discussion panelist, Stanford University undergraduate ethics symposium
- 1998: Faculty discussion panelist, Stanford University undergraduate ethics symposium
- 1999: Lectured to medical students at Technological Institute of Advanced Studies, Monterrey, Mexico, in conjunction with a conference at which I was a speaker
- 2005: Lecture to Cardiology fellows for weekly Fellows Session
- 2006: Group session leader, UCSF CTST-sponsored NIH Grant Workshop
- 2006: Lecture for Cardiology fellows summer session
- 2007: Class lecture at National Cheng Kung University, Tainan, Taiwan, with public seminar
- 2008: Chaired mock grant peer review panel for Tobacco Center fellows, UCSF
- 2009: "Pizza talk" for BMS graduate students, UCSF (1 of 2)
- 2009: Mock grant peer review panel for Tobacco Center fellows, UCSF
- 2009: Small group facilitator for UCSF Office of Career and Professional Development workshop on oral presentation skills
- 2009: "Pizza talk" for BMS graduate students, UCSF (2 of 2)
- 2010: Faculty discussion panelist (working with industry), UCSF Faculty Development Day
- 2010: Faculty discussion panelist, Future Faculty Seminar course, Stanford University
- 2010: Mock grant peer review panel for Tobacco Center fellows, UCSF

- 2010: “Pizza talk” for BMS graduate students, UCSF
- 2011: Mock grant peer review panel for Tobacco Center fellows, UCSF
- 2012: “Pizza talk” for DSCB graduate students, UCSF
- 2013: “Pizza talk” for DSCB graduate students, UCSF
- 2014: “Pizza talk” for DSCB graduate students, UCSF
- 2014: “Pizza talk” for BMS graduate students, UCSF
- 2015: Music 6F – Career Development in Music (session about how to continue involvement in music without a music career), Stanford University
- 2015: Speaker for Osher Mini Medical School session on emergency preparedness, UCSF
- 2015: Mock grant peer review panel for Tobacco Center fellows, UCSF
- 2015: “Pizza talk” for BMS and DSCB graduate students, UCSF
- 2016: Music 6F – Career Development in Music (session about how to continue involvement in music without a music career), Stanford University
- 2017: Music 6F – Career Development in Music (session about how to continue involvement in music without a music career), Stanford University
- 2018: Music 6F – Career Development in Music (session about how to continue involvement in music without a music career), Stanford University
- 2018: “Pizza talk” for DSCB graduate students, UCSF
- 2019: Music 6F – Career Development in Music (session about how to continue involvement in music without a music career), Stanford University
- 2019: Mock grant peer review panel for Tobacco Center fellows, UCSF
- 2020: Music 6F – Career Development in Music (session about how to continue involvement in music without a music career), Stanford University
- 2020: “Pizza talk” for DSCB graduate students, UCSF
- 2020: Responsible Conduct of Research seminar/discussion for Cancer Center T32 trainees, UCSF
- 2021: “Pizza talk” for BMS graduate students, UCSF
- 2021: Music 6F – Career Development in Music (session about how to continue involvement in music without a music career), Stanford University
- 2022: Music 6F – Career Development in Music (session about how to continue involvement in music without a music career), Stanford University
- 2022: “Pizza talk” for DSCB graduate students, UCSF
- 2023: Responsible Conduct of Research seminar/discussion for Cancer Center T32 trainees, UCSF
- 2023: “Pizza talk” for DSCB graduate students, UCSF

RESEARCH AND CREATIVE ACTIVITIES

RESEARCH SUPPORT – CURRENT:

R01 DA058069 NIH/NIDA Effects of chronic marijuana use on endothelial function Role: PI	Springer (PI)	7/1/23-4/30/28
Discretionary Support UC Berkeley Bakar Fellows Program	Springer (PI)	7/1/23-6/30/26

Spark Award

Role: Bakar Foundation Faculty Fellow

R43HL149492 (SBIR) Yu (PI) 7/1/22-4/30/24
NIH/NHLBI

Novel therapy for myocardial ischemia-reperfusion injury (Subcontract)

Role: Subcontract PI

U54 HL147127 Project 3 Ling (PI) 9/1/18-8/31/24
NIH/NHLBI (NCE)

Cardiovascular Health Effects of Emerging Heat-Not-Burn Tobacco Products

Role: Project PI

RESEARCH SUPPORT – PAST:

Public University Research Grant RG-1603151328-913 Springer (PI) 7/1/21-10/13/23

CA Department of Cannabis Control

Effects of Chronic Cannabis Use on Endothelial Function

Role: PI

R21 DA050995-S Springer (PI) 11/25/20-9/30/23
NIH/NIDA (NCE)

Upregulation of SARS-CoV-2 receptor and activation proteases by marijuana smoke and e-cigarette aerosols

Role: PI

R21 DA050995 Springer (PI) 4/1/20-9/30/23
NIH/NIDA (NCE)

Validation of NIDA research marijuana as a model for cardiovascular research

Role: PI

U54 HL147127 Administrative Core A Ling (PI) 9/1/20-8/31/23
NIH/NHLBI

Career Enhancement Core B

Role: Core Leader

U54 HL147127 Rapid Response Project Ling (PI) 9/1/22-8/31/23
NIH/NHLBI

Chemical and Physiological Assessment of Coil-Less Ultrasonic Vaping Devices

Role: Project PI

Pilot for Established Investigators Springer (PI) 1/1/20-12/31/22
UCSF Research Evaluation & Allocation Committee (NCE)

Potential therapeutic target to limit anthracycline-induced cardiotoxicity

Role: PI

U54 HL147127 Developmental Project Ling (PI) 7/1/21-6/30/22
NIH/NHLBI

E-cigarette characteristics that influence endothelial toxicity from formation of advanced glycation end products

Role: Project PI

High Impact Pilot Award T29IP0490 California Tobacco-Related Disease Research Program Models for Prospective Studies of Marijuana's Cardiac Effects Role: PI	Springer (PI)	4/1/19-3/31/22 (NCE)
Emergency COVID-19 Research Seed Funding California Tobacco-Related Disease Research Program Does Marijuana or E-cigarette Use Upregulate the SARS-CoV-2 Receptor ACE2 in Airway Epithelium? Role: PI	Springer (PI)	5/1/20-10/31/20
U54 HL147127 Rapid Response Project NIH/NHLBI JUUL Versus Earlier Generation e-Cigarettes: Influence of e-Liquid Components on Vascular Toxicity Role: Project PI	Glantz (PI)	9/1/19-8/31/20

PATENTS ISSUED OR PENDING:

Methods and compositions for preventing and treating damage to the heart
C.M. John, M. Gaur, M.L. Springer, X. Wang inventors
US Patent US-10369195 (allowed 8/6/2019); US-11,179,439 (allowed 11/23/2021)
EU Patent Application EP3496738A1
CN Patent Application 201780062232.1A

MEDIA COVERAGE, ADVOCACY, AND OTHER CREATIVE ACTIVITIES:

- 2005: Online video, lecture about ultrasound-guided injection into mouse myocardium, Swiss Cardiovascular Research and Training Network, Geneva, Switzerland
- 2006: Springer Laboratory website (<http://cardiolab.ucsf.edu/molcardiolab/>), including lab information, technical resources, and protocols
- 2007: Website as an information resource for UCSF faculty to learn about dealing with industry: through the Research Administration Board, I co-authored the content and coordinated the project (<http://ctsi.ucsf.edu/research/industry-faq>)
- 2008: Home earthquake preparedness website as a campus and public resource (moved in 2010 to <http://earthquake.matthewlspringer.com>)

- 2009: Interviewed for two KSFO radio news stories about earthquake safety (10/10/09)
- 2010: News interview for UCSF Today about earthquake safety, 2/1/10
(<http://www.ucsf.edu/news/2010/02/3181/professor-conduct-earthquake-preparedness-seminars>)
- 2010: Home earthquake preparedness lecture broadcast on UCTV national cable network (multiple broadcasts from 4/10-7/10), and available for online streaming on demand by UCTV (>200,000 online hits/views; <http://www.uctv.tv/search-details.aspx?showID=18193> and via YouTube at <http://www.youtube.com/watch?v=0Qa7gVrzFlk>)
- 2010: Interviewed for “Tech News” about microscopy contests, *Biotechniques*, 2010, 49:783-787
- 2011: First page coverage of earthquake safety talks in UCSF Synapse newspaper (3/10/11)
- 2011: Created Quaketips blog about earthquake preparedness (<http://quaketips.blogspot.com>); >500,000 page views
- 2011: News interview for UCSF Today regarding our research article about cardiac cell therapy (<http://www.ucsf.edu/news/2011/09/10649/ucsf-study-identifies-weakness-heart-attack-therapy>)
- 2011: Cardiac cell therapy research covered as a news item by *Science* online (ScienceNOW, Sept 14) and *Nature* (477:373 - Research Highlights)
- 2011: Interviewed about cardiac cell therapy research for German news radio broadcast (12/8/16): <http://www.dradio.de/dlf/sendungen/forschak/1623854/>
- 2013: Letter to the Editor, San Francisco Chronicle, 7/12/13 (“The other danger of e-cigarettes”) in response to editorial opposing limits on e-cigarette public use: <http://www.sfgate.com/opinion/letterstoeditor/article/Letters-to-the-editor-July-12-4660991.php>
- 2013: Quoted in material for Berkeley City Council hearing about proposed restrictions on e-cigarette sales and use: http://www.ci.berkeley.ca.us/Clerk/City_Council/2013/09Sep/Documents/2013-09-10_Item_36_Refer_Electronic_Cigarette_Sale.aspx
- 2013: Interviewed for two KGO radio news stories about our secondhand smoke research, aired 12/10/13; mp3 clips available at <https://cardiolab.ucsf.edu/kgontr12-10-13clips>
- 2013: Secondhand smoke research covered in the San Francisco Chronicle, 12/11/13: <http://www.sfgate.com/health/article/Questions-about-exercise-help-patients-shed-pounds-5052910.php> (one of several features; weight loss reference in URL refers to first feature)
- 2014: Letter to the Editor, Denver Post, 5/6/14 (“Colorado Symphony Orchestra shouldn’t cater to pot users”) expressing concern about potential smoke exposure resulting from the Colorado Symphony’s cannabis-themed concert series: <http://blogs.denverpost.com/eletters/2014/05/05/colorado-symphony-orchestra-shouldnt-cater-pot-users/30499/>
- 2014: Our cardiac cell therapy research mentioned in a news article in *Science*, 7/18/14: <http://www.sciencemag.org/content/345/6194/252.full?sid=8fdf8b96-e641-4d60-95bc-74c6ceff28be>

- 2014: Interviewed for San Francisco Examiner article about Napa earthquake:
<http://www.sfexaminer.com/sanfrancisco/sf-escapes-largest-quake-in-decades-with-no-major-disturbances/Content?oid=2883955>
- 2014: Article in UCSF Synapse Newspaper orientation issue, 9/25/14 ("UCSF IS MOVING: Advice to new and old students alike about earthquake preparedness"):
<http://synapse.ucsf.edu/articles/2014/09/25/ucsf-moving-advice-new-and-old-students-alike-about-earthquake-preparedness>
- 2014: Extensive media coverage of abstract about marijuana secondhand smoke presented at the American Heart Association (AHA) Scientific Sessions, November 2014. Interviews included live KCBS radio phone interview and phone interview for news clips on KGO radio; separate video interviews for the AHA pressroom, HCPLive.com, and Medpage Today; and print/web coverage included Fox News, CBS, MSN Money, San Francisco Chronicle, San Francisco Examiner, WebMD, Cardiovascular Business, HealthDay, and Healthline.com, with commentary in the Washington Post and a long discussion segment on TYT Network's Young Turks news show. **Representative links:**
